# Services

## Generator Sales

We provide high-quality generators at competitive prices with long-term warranties. These generators are suitable for a wide range of needs. They are known for their high efficiency, fuel economy, and compliance with emission quality standards.

## Generator Rental

We offer a wide range of heavy equipment, including forklifts, scissor lifts, and generators. We provide all types of heavy equipment and generators to ensure the continuity of your operations and help you achieve your project goals at any time.

## Generator Maintenance

Generator and heavy equipment maintenance requires special attention to ensure optimal performance.

- \* Preventive maintenance.
- \* Regular cleaning.
- \* Periodic inspection.

## Heavy Equipment Rental

You can easily rent heavy equipment through various specialized websites and companies. If you're looking for other options, you might want to check out Cat Power Egypt. They offer heavy equipment rental services throughout the Arab Republic of Egypt and provide the necessary equipment for large construction projects.
